Description			
<p>Dear Sylpheed developer(s),</p> <p>coming from:</p> <p>http://sylpheed.sraoss.jp/redmine/issues/177</p> <p>I want to request this:</p> <p>Could you please make it possible to configure which inbox gets opened by the "Open inbox on startup" option?</p> <p>Currently (with Sylpheed 3.4.0beta8), the "Open inbox on startup" option always opens the inbox of the first MH mailbox.</p> <p>But I would like to make it open the inbox of an IMAP mailbox.</p> <p>Could you please add an option to configure it?</p> <p>It would be much appreciated.</p> <p>Regards</p>
