

Sylpheed - Bug #194

desktop file fixes

04/03/2014 07:33 PM - Ricardo Mones

Status:	Closed	Start date:	04/03/2014
Priority:	Normal	Due date:

Target version:	3.4	Spent time:	0.00 hour

Description

Current .desktop files gives some warnings (and misses Spanish translation). I've made a patch for the Debian packaging to address this, but this is also useful for others, so I think it would be nice to add it to current svn:

http://sources.debian.net/src/sylpheed/3.4.0-1/debian/patches/09_desktop_file_fixes.diff

Thanks,

History

#1 - 04/18/2014 01:15 PM - Kentaro Hayashi

Now, update patch is here:

http://sources.debian.net/src/sylpheed/3.4.1-1/debian/patches/09_desktop_file_fixes.diff

But, It seems that multiple fixes into one patch.

1. fix missing Spanish translation
2. add %u for Exec entry to open specified mail
3. add extra Keywords

#2 - 04/19/2014 12:51 AM - Kentaro Hayashi

- Status changed from New to Confirmed

But, It seems that multiple fixes into one patch.

- 1. fix missing Spanish translation*
- 2. add %u for Exec entry to open specified mail*
- 3. add extra Keywords*

It seems that multiple fixes into one patch is not good, but content of patch itself is reasonable, I think.

Mr Yamamoto, would you merge it into svn HEAD?

(It must be modified a bit, because it doesn't consider order of Comment entry.)
